

## ITA Meeting Announcements

### May 2009

---

#### Pharos

OIT has just begun the Pharos update. We will be contacting area departments that will be involved in the upgrade process.

#### Student Computing Labs Update

All student computing labs will be upgraded to MS Office 2007 on **June 1, 2009**.

#### Classrooms

Podium computers in all classrooms will be upgraded to MS Office 2007 by **August 26, 2009**.

#### Application Delivery System (ADS) Project

OIT is looking for volunteers to test the ADS application. If you are interested, contact **Ryan Key** at: [ryan.key@utsa.edu](mailto:ryan.key@utsa.edu) (x6735)

#### Faculty/Staff images

The current faculty/staff image currently contains MS Office 2007. Office 2003 will be provided **by request** only.

#### ITA Image

The Desktop Management Team is changing the way ITAs get the latest faculty/staff image.

#### CIO Search

The **CIO search** is progressing and the first round of interviews will begin in the next few weeks.

#### RowdySpace Training Available For All Faculty and Staff

RowdySpace can help users to

- Be efficient
- Save inbox space
- Collaborate with other researchers or colleagues
- Send files securely
- And much more!

Hands-on **training is available** groups of up to 25 people. E-mail us at [oit@utsa.edu](mailto:oit@utsa.edu) to set up a training session.

**\*\*\* For more information or questions, e-mail us at [oit@utsa.edu](mailto:oit@utsa.edu). \*\*\***
